Special Dispatch to the Intelligencer.
BLUEFIELD, W. Va., September 6.—When they were informed that troops from the strike zone along Paint Creek, would be rushed to the scene by Governor Glasscock, the mob of nearly 500 angry men, heavily armed, who stormed the Princeton jail yesterday and took Walter Johnson, negro accused of assaulting a young white girl, from his cell and have since had him in their custody, shortly after midnight lynched their prisoner. The negro was strung to a tall tree, according to the information received here and while in a dying condition his body was literally torn to small pieces by being pierced by thousands and thousands of shots from Winchester rifles fired by the mob. An armistice of eighteen hours had been proclaimed between the mob and the authorities, but when the information that troops would be sent to the scene to rescue the negro was brought the mob by reinforcement of 300 men from this city tonight, they immediately lynched the brute. Tonight Princeton is in a state of wild terror. Members of the mob heavily armed have threatened to shoot any negro down that sticks his nose out the door of his home. For this reason the negro residents are fleeing to the mountains. Several have been reported wounded.

Prior to the lynching Rev. Hamilton and Judge Frank Maynard addressed the mob and made stirring addresses to prevent the lynching but the mob

OVER 50,000 PEOPLE ON THE GROUNDS YESTERDAY

Cavalcade at Noon Was One of Big Features—Fine Races on Program.

Yesterday was City Day at the big State Fair and all of the banks, as well as many of the business houses of the city closed their doors at noon to allow their employees to attend.

The record for attendance was broken yesterday when nearly 50,000 people paid admission to the greatest event of the season and not one single person wanted his money back as every feature of the fair was well worth the price of admission.

When the great gates leading into the grounds opened at 6 o'clock yesterday morning a great crowd was present, waiting impatiently for admission and not until late in the evening were the ticket sellers given a rest from handing out the pasteboards.

The crowds, packed to the grounds in automobiles, wagons, on ferries and street cars and long before noon the midway, exhibition halls and paddock were one pushing and perishing mass of humanity. The grandstand was filled to overflowing and there were more automobiles drawn up in the quarters than have ever before been gathered together in the state. It being estimated that there were 1,500 machines on the grounds.

Just at noon the big parade of livestock, headed by Meisters band, moved on the quarterstretch and moved slowly around the track.

HAYES TO BE GIVEN TRIAL; DENIES STORY

ACCUSED INSPECTOR SAYS DID NOT MAKE CONFESSION

His Statement Was Surprise to District Attorney—McKay to Preside.

NEW YORK, September 5.—Cornelius G. Hayes, the disgraced police inspector, made a categorical denial today of published statements quoting him as saying he would tell on the witness stand at his departmental trial a story that would cause Commissioner Waldo to resign in twenty-four hours. The statements were said to have been made by Hayes to District Attorney Whitman during the secret conference he held with the prosecutor last Tuesday evening, when it was understood Hayes had asked Mr. Whitman to delay presenting to the grand jury certain evidence involving the former inspector until after his trial on the charge of making a false statement to Mr. Waldo, which begins tomorrow.

Hayes was summoned to police headquarters and ordered officially to affirm or deny statement together with other accusations he was reported to have made against the commissioner, and Hayes made a complete denial.

Although District Attorney Whitman refused today to discuss his conference with Hayes, it was learned that the prosecutor was surprised to hear that Hayes had repudiated some of the statements attributed to him. Mr. Whitman expects to attend the trial tomorrow to hear what Hayes will say in his defense. Whether expected sensations will now transpire was a question of keenest interest in police circles tonight.

McKay to Preside.
Police Commissioner Waldo said today that First Deputy Commissioner McKay, who has been subpoenaed as a witness by the accused police officer, will preside at the trial. Before it proceeds, Mr. Waldo said, the deputy commissioner will listen to the arguments of counsel as to whether he has the right to preside and be a witness at the same time, and will then rule upon the question. REPUBLICANS TO BE ON PENNSYLVANIA TICKET

Members of the Washington Party Must Appear Under the Name of Their Party.

Chairman Hillis Scores Flynn for Trying to Disrupt Regular Party.

NEW YORK, Sept. 5.—Chairman Charles D. Hillis and members of the Republican national committee took steps today in another effort to supplant Roosevelt electors on the Pennsylvania ticket. The proposal of William Flynn that Taft electors be substituted for Roosevelt electors after he has succeeded in obtaining signatures to petitions naming the Roosevelt men on a Washington party ticket, some time about September 30, has not been accepted, and some other plan is to be tried.

Senator Penrose came here today and conferred with William Barnes and other members of the national committee on the subject. Mr. Barnes is chairman of the advisory committee of the Republican national committee. While neither Mr. Barnes nor Senator Penrose would say what would be done, Chairman Hillis gave out a letter of more than a thousand words addressed to Henry C. Wasson, chairman of the Republican state committee of Pennsylvania. In this letter Mr. Hillis reviewed the situation in that state, and said:

"From the standpoint of decency, honor and morality, the Roosevelt electors should not defer their retirement from the Republican ticket another day. They should not force the Republican managers to appeal to the courts to compel them to withdraw."

Of Mr. Flynn and his proposal, Mr. Hillis said:

"William Flynn, the head of the Republican secession in Pennsylvania, is admittedly the influence which has prevented the elimination from the Republican ticket of the Roosevelt electors. Mr. Flynn's purpose was to destroy the Republican party in the nation and at the same time further his ambition to enter the United States Senate."

In conclusion Mr. Hillis said: "It is a matter of vital importance that the Republican ticket is compelled in the shortest possible time to stand in the way of the immediate substitution of genuine Republican electors for the Roosevelt electors who are so pernicious and dishonorable. It is not sufficient assurance to say that this will be done in a very short time. It must be done now. Therefore ask you to telegraph each of the electors who will not support the President to forward his resignation with-
